## INDEX TO NINTH VOLUME.

**ABDOMEN**, impalement of, with dissection twenty years after, 117  
 Abortion, criminal, 60; followed by pelvic abscess, 151; followed by leucocytæmia and death, 254; peculiar condition of os uteri following, 351; indurated cervix after, 352  
 Abscess, pelvic, following criminal abortion, 151  
 Accommodation, spasm of, 250  
 Aconite-root, poisoning by tincture of, 6; poisoning by external application, 74  
 Address delivered at the commencing exercises of the dental department of Harvard University, 133  
 Alaska, climate of, 32  
 Albumen, cold alcoholic test for, 498  
 Alcohol, declaration respecting, 61; as a medicine, 260; elimination of, by the kidneys and breath, 347; as a nutritive agent, 413  
 Ambulance Americaine, 20  
 American Medical Association, 96; annual meeting of, 298, 329  
 Amputation, at the knee-joint, 1  
 Amputations at Massachusetts General Hospital, supplement to No. 1  
 Anæsthesia, muscular, 24; of the retina, 245  
 Aneurism of the aorta, diagnosis by aid of the laryngoscope, 338; popliteal, cured by flexion, 357  
 Animal disease transmissible to man, 400  
 Angina pectoris, 345  
 Anthrax, strapping in local treatment of, 178  
 Anus, pain in the, 91  
 Apoplexy, microscopical pathology, 313  
 Arsenic in leucorrhœa and menorrhagia, 139  
 Artery, vertebral, embolism of, 31; cerebral, embolism of, 75; anterior tibial, embolism of, 217; torsion of, 338  
 Aspiration in retention of urine, hydrocephalus, &c., 226  
 Association of American Medical Editors, 320  
 Astigmatism, a method of discovering and correcting, 381  
 Athetosis, 346  
 Avulsion of arm and scapula, with recovery, 341  
 Baby-farms, 260  
 Ball, Dr. Stephen, death of, 85  
 Bath, tepid, in treatment of febrile diseases, 271  
 Bavarian apparatus in treatment of fractures, 190  
 Berkshire District Medical Society, report of, 217  
 Berlin Medical School compared with that of Vienna, 165  
**BIBLIOGRAPHICAL NOTICES:**—  
 The late Dr. John Conolly, of Hanwell, England, 29  
 Report of the Surgical Cases treated in the Army of the U. S. from 1865 to 1871, 22  
 Treatise on Human Physiology, 22  
 Eating and Drinking, 22  
 Sudden Death soon after Parturition, 149  
 Neuralgia and the Diseases that resemble it, 145  
 An Introduction to Pathology and Morbid Anatomy, 145  
 The Operation for Senile Cataract, 154  
 A Handbook of Therapeutics, 155  
 Lectures on the Clinical Use of Electricity, 155  
 Detection of Criminal Abortion, 156  
 Consumption: its Pathology and Treatment, 156  
 Selected Obstetrical and Gynaecological Works of Sir J. Y. Simpson, Bart., M.D., 170  
 Principles and Practice of Surgery, 171  
 Fecundity, Sterility and allied topics, 171  
 A Clinical Manual of Diseases of the Ear, 171  
 Electricity in its Relations to Practical Medicine, 171  
 Medical Thermometry and Human Temperature, 171  
 Physiology of the Soul and Instinct as distinguished from Materialism, 171  
 Observations on a Form of Nervous Prostration (Neurasthenia) culminating in Insanity, 203  
 Plain Talk about Insanity: its Causes, Forms and Symptoms, 204  
 Smallpox: the predisposing Conditions and their Prevention, 205  
 Handbook of Skin Diseases, 205  
 A Text-Book of Pathological Histology: An Introduction to the Study of Pathological Anatomy, 231  
 On the Use of the Ophthalmoscope in Diseases of the Nervous System, 317  
 Consumption, and the Breath Re-breathed, 319  
 A Practical Treatise on the Diseases of Women, 319  
 Report on the Progress of Ophthalmology made to the American Ophthalmological Society, 319  
 Diagrams of the Nerves of the Human Body, 319  
 On Vascular Navi and their Treatment by the Actual Cautery, 319  
 Otis's Physiology of Syphilitic Infection, 355  
 Bigelow, Dr. H. J., compliment to, 98  
 Bind uvula, 20  
 Bladder, stone in the, with a nucleus of bone, 15  
 Bleeding, ancient scepticism about, 228  
 Blood, discovery of circulation, 60; transfusion of, statistics, 130  
 Board of Health, appeal to, 208  
 Bone, semi-lunar, simple luxation of, 139  
 Boston Society for Medical Improvement, report of, 20, 89, 168, 238, 301  
 Boston Society of Medical Sciences, report of, 89, 187, 313, 347, 417  
 Boston Society of Medical Observation, report of, 101

Boston City Hospital, 116, 148, 228, 369, 412  
 Boston Medical Association, 308  
 Boston, Obstetrical Society of, reports, 103, 259, 276, 350  
 Boutelle, Dr. James T. Trephining in epilepsy, 119  
 Bowditch, Dr. H. I. Intemperance in New England, how shall we treat it, 181; alcohol as a nutritive agent, 413  
 Boylston prizes, 380  
 Bradlee, J. T., Esq., 295  
 Brain, function of anterior part, 260; traumatic injury to, 341  
 Bright's disease, 89; without albuminuria, 197  
 Bromide of calcium, 30  
 Brown, Dr. M. L. Hydrate of chloral in a case of miscarriage, 265  
 Brown, Dr. W. O. Irritable uterus, 278  
 Babo, opening of with caustic potash, 190  
 Bulkley, Dr. H. D., 84  
 Bryan, Dr. James. Sketch of Dr. Charles A. Lee, 147  
 Byrn, Dr. John, 148  
 Cesarean section in the United States, 256  
 Calcium, bromide of, 30  
 Calculus, formed on bullet, 169; from a case of cystic disease of the kidney, 170  
 Calculous diseases, early stages of, 294  
 Cambridge, Society for Medical Improvement, 334; Hospital, report of, 174  
 Cancer of face, 75; of abdominal viscera, 219; of cervix uteri, difficulty of diagnosis, 232; gastric juice in treatment of, 291; of the pancreas, 371  
 Cancroid of the oesophagus, 59  
 Carbolic acid in children's diseases, 10; antidote to, 259  
 Carbolized atmosphere in the treatment of blood-poisoning, 15  
 Cataract, remarks on, 51; extraction of in patient 96 years old, 196; Graefe's operation vindicated, 73  
 Catarrh, chronic nasal, 45  
 Centenarian physician, 115  
 Cerebral paralysis, prognosticated by the growth of the nails, 412  
 Cerebro-spinal meningitis, two cases, 406, 411  
 Chadwick, Dr. J. R. Amputations at Mass. Gen. Hospital, Supplement to No. 1; letter of, 92, 96, 157, 281, 335  
 Chancres, cold water for, 196, 225  
 Channing Home, report of the, 306  
 Chemical nomenclature and the pharmacopoeia, 77  
 Chicago, foreign aid for, 48; Journals, 100; medical relief committee, 373  
 Children, foot and mouth disease in, 48  
 Children's diseases, carbolic acid in, 10  
 Children's Hospital, 16  
 Chloral, hydrate of, 129; medical relations of, 7; over dose of, 242; with cod liver oil, 105; in rigid os uteri in case of miscarriage, 265; in puerperal mania, 268; in the cure of venereal ulcers, 275  
 Chloride of potassium, 148  
 Chloroform, tolerance of, 29; and glycerine, 180; deaths, 359  
 Cholera contagion, Prof. Crocq on, 48  
 Choroid, spindle-celled sarcoma of, 85; human, vitreous bodies of, 106; rupture of, 285  
 Cinchonas, cultivation of, 84  
 Cleveland Medical School, alumni of, 103  
 Climate of Colorado, 102  
 Cerebro-spinal meningitis, the epidemic of, 308  
 Color blindness, a test for, 430  
 Colorado, climate of, 102; Medical Society of, 207  
 Conception under unusual circumstances, 98  
 Condylomata, treated by carbolic acid, 323  
 Conolly, the late Dr. John, 23  
 Conium, physiological action of, 99  
 Consumptive patients, haemoptysis in, 93  
 Contagion by volatile virulent matter, 196  
 Convalescent homes, 191  
 Convulsions, puerperal, 968  
 Cormack, Dr. John Rose, 100  
 Coroner, office of, 94  
 Cotting, Dr. Benjamin E. District societies, their purpose, powers and limitation, 49; vaccination without scar—scar not a test of immunity, 261  
 Cotton wool as a surgical dressing, 236, 325  
 Crania, observations on, 76  
 Cranium fractured, six cases, 365  
 Crocker, Dr. J. M. Lead poisoning from use of a hair preparation, 88  
 Croton-chloral-hydrate, 63  
 Croup, tracheotomy, 267  
 Croup treated by inhalation of oxygen, 176  
 Crystalline lens, reproduction of, 114  
 Cundurango by its friends, 307  
 Cushing, Dr. Benjamin. Records of obstetrical practice of the late Dr. Robert Thaxter of Dorchester, 17  
 Cysticercus, extraction of, from the human eye, 186  
 Dactylitis syphilistica, 303  
 Delivery under peculiar circumstances, 351; by the feet, 351  
 Dental Cosmos, 16  
 Derby, Dr. Hasket. Graefe's operation and statistics vindicated, 73; spindle-celled sarcoma of choroid, removal of eye, 85  
 Derby, Dr. Richard H. Spasm of the accommodation, with concentric limitation of the field of vision, 250  
 Dermatology, museum of, 16  
 Dextrine, method of preparing it pure, 47  
 Diabetes, treatment of by lactic acid, 385  
 Diarrhoea, use of pepsine in, 343  
 Digitalis, an aphrodisiac, 201  
 Diploma business, bogus, 257  
 Dislocation of left hip, reduction by Bigelow's method, 97; simple, or *os innominatum*, 380  
 Dispensary, for skin diseases, 81; for nervous diseases, 306; Boston, 228; Charlestown, free, 970  
 Dole, the late Dr. John, of Amherst, 410  
 Dupuytren, anecdote of, 180  
 Dysmenorrhœa, caused by a polypus of the uterus; pregnancy and abortion, 299  
 Ear, physiology of semicircular canals of, 348  
 Edinburgh, female students at, 193  
 Editors and publishers, 175  
 Electricity, in gastralgia, 48  
 Electro-puncture of the heart, 47  
 Electro-therapeutical apparatus, 418  
 Embolism of vertebral artery, 81; of cerebral artery, 75; of anterior tibial artery, 217; of left middle cerebral artery, 238  
 Embolus, possible, 20  
 Empiricism, an act against, 243  
 Epilepsy, trephining in, 119; following injury to the head, 263  
 Epistaxis, new method of arresting, 426  
 Ergotin, hypodermic injection of, in haemoptysis, 108

## INDEX.

Erysipelas, contagiousness of in the case of lying-in women, 104; traumatic, subcutaneous injection of morphia in, 177; in a puerperal woman, 253; after vaccination, 254, 295  
 Essex North District Medical Society, 308  
 Ether, as a beverage, 29; first insensibility from, 227; operations under, performed in London, 244  
 Evans, Dr. Thomas W., 31  
 Extra-uterine fetation, 6  
 Eye, removal of, 85; vitreous bodies of the human choroid, 106; extraction of cysticercus from the human, 186  
 Farley, Cyrus H., Esq. A method of discovering and correcting astigmatism, 381  
 Favus, 168  
 Febrile diseases, use of tepid baths in treatment of, 271  
 Fecundity extraordinary, 395  
 Female students at Edinburgh, 193  
 Fever, typhoid, with perforation of the intestine, 20; treatment of, 26; etiology of, 58; puerperal, 268  
 Fibrin, origin of, 177  
 Fisher, Dr. T. W. Neuroasthenia, 65; asthenosis, 346  
 Fisk, Dr. Samuel A. Address at anniversary dinner of Mass. Medical Society, 376  
 Fitz, Dr. R. H. Examination of spindle-celled sarcoma of choroid, 86  
 Flaps, mathematics among the, 146  
 Fletcher, Mr. Abel. Proposed improvement in printing and writing, 37  
 Fetation, extra-uterine, 6  
 Food of fever patients, 330  
 Foreign Correspondence, 92, 157, 214, 236, 281, 333  
 Fracture, Bavarian apparatus in the treatment of, 190; compound, of radius into elbow-joint, 267; compound, of the leg, 313; extra capsular, of the neck of the femur, 341; gunshot, of the femur, 384  
 Fraxum lingue, division of, 212  
 Fungi, human parasitic, and their relation to disease, 158  
 Gall-stone, large, 219, 244  
 Galvanic treatment of bedsores and indolent ulcers, 307  
 Garland, Dr. Joseph. Erysipelas in connection with vaccination, 295  
 Gastralgia, treated by electricity, 48  
 Gastrotomy, operation of by Homœopaths, 28; reparative efforts of nature after, 100  
 Gay, Dr. George W. Criminal abortion, followed by pelvic abscess, 151; fatal case of otorrhœa, 184; cases of tracheotomy, 327  
 Giddings, Dr. W. P. Case of pyæmia, with anomalous symptoms, 402  
 Gilbert, Dr. D. D. Singular case of pregnancy, 398  
 Glaucoma, diagnosis of, 210  
 Glycerine as a solvent in hypodermic injections, 375  
 Gonorrhœa, treatment by water injection, 179; abortive treatment of, 321  
 Gordon, Dr. Charles, 208  
 Goss, Dr. F. W. Menorrhagia, followed by pelvic abscess, 5  
 Gout, 307; carbonate of lithia in, 350  
 Graduates, medical, at Harvard University, 131, 448  
 Greene, Dr. William W. Cotton wool as a surgical dressing, 325  
 Gunshot fracture of the femur, 384; injury of spinal cord, tenacity of life after, 50  
 Haematemesis, 153; of the child after delivery by forceps, 105; fatal, from cirrhosis of the liver, 313  
 Haemoptysis, in consumptive patients, 93; hypodermic injection of ergotin in, 108  
 Haemorrhage controlled by ipecac, 243  
 Haemorrhoids in puerperal women, treatment of, 315  
 Hare-lip, operation for, 267  
 Harvard University, Medical School, 122, 425; Dental Department, 115, 116, 133; medical graduates, 131, 148  
 Hastings, Dr. W. H. H. Case of adherent placenta, 277  
 Hazleton, Dr. I. H. Epilepsy following injury to the head, 963  
 Hearing power, uniform method of recording in otological practice, 141  
 Heart, electro-puncture of, 47  
 Heat and cold, method of applying, 11  
 Heller, Dr. J. F., 132  
 Hemp, novel application of, 391  
 Hebra, curious statement by, 211  
 Heredity and hereditary influences, 7  
 Hernia, strangulated, 422; cause of death after operation for, 320; puncture of intestines in, 358  
 Hip dislocation, reduction by Bigelow's method, 97; reduced by manipulation, 341; spontaneous dislocation of hip during scarlatinal droopy, 380  
 Holmes, Dr. Oliver W. Address at Commencement of the Dental Department of Harvard University, 133  
 Homeopathic operation of "astrotomy," 28  
 Homœopathy, clinical lecture on, 273  
 Hospital wards, walls of, 260  
 Hotel-Dieu, unfitness for hospital, 131, 428  
 Hour-glass contraction, 269  
 Hunt, Dr. Israel T. Poisoning by opium, 18  
 Hurd, Dr. E. P. Case of framollissement rouge, 414  
 Hydrocyanic acid, effects of administration of, 187  
 Hysteria, pathology of, 175  
 Impalement of abdomen and thorax, with dissection twenty years after, 117; cases of, 126  
 Impetigo, contagious, 361  
 Infants, method of producing sleep in, 132  
 Infectious diseases, origin and nature of, 7  
 Injections, hypodermic, hydrochlorate of narceine for, 360  
 Insanity, does it increase, 129  
 Intemperance in New England, 181, 193  
 Invalid's dinner table, 276  
 Jarvis, Dr. Edward. Ventilation of dwellings and sick rooms, 149  
 Jeffries, Dr. B. Joy. Vitreous bodies of the human choroid, 106; extraction of a cysticercus from human eye, 186  
 Johnson, Dr. Nathan, 46, 116  
 Keene, Dr. S. S. Poisoning by external application of aconite, 74  
 Keniston, Dr. James M. Case of phthisis, 900  
 Kidneys, hydatid degeneration of, 6; Bright's disease, use of ophthalmoscope in diagnosis, 101; Bright's disease of without albuminuria, 197; disease of, produced by gonorrhœa, 322  
 Knee-joint, amputation at, 1

Labor, cause of at close of ninth month, 15; peritonitis after use of forceps, 104; instrumental treatment of difficult, 85; complicated by a tumor in posterior lip of the uterus, 252; abnormal, turn of child's head during, 254; tedious, 269; pains checked by will of the patient, 350; difficult, indented forehead, 351

Lady dentists, 383

Lady students in Moscow, 116

Laryngotomy, 411

Lee, Dr. Charles A., sketch of, 147

Leucorrhœa and menorrhagia, arsenic in, 199

Library of Surgeon-General's office at Washington, 305

Lincoln, Dr. D. F. Medical School of Berlin compared with that of Vienna, 164

Liver, abscess of, 7; cirrhosis of, complicated with malignant disease, 282

Loring, Dr. Edward G. Remarks on cataract, 51

Lostorfer's corpuscles, 157, 162, 242, 281, 335

Lung, absence of a, 360

L'Union Medicale du Canada, 207

Lynn Medical Society, report of, 267

Maine, Medical School of, 163; General Hospital, 365

Malformation, 269

Malingering, extraordinary, 194

Malpractice, case of, 201

Mania, puerperal, treated with chloral, 268

Massachusetts, Surgeon-General's report, 12; State Lunatic Hospital at Northampton, 62; State Board of Health, 90; General Hospital, report, 106, 228, 308, 344, 428; Charitable Eye and Ear Infirmary, report, 306; State Society, annual meeting, 344, 373, 388, 393; amputations at General Hospital, Supplement to No. 1

Mathematics among the flaps, 146

McClelland, Dr. W. F. Tenacity of life, after gunshot injury of spinal cord, 50; climate of Colorado, 102

Measles and scarlatina combined, 267

Mechanism of thought, 255

Medical act, English, important case under, 112

Medical congress, international, in 1873, 213

Medical district societies, their purpose, powers and limitations, 49

Medical education, resolution regarding, 63

Medical honors, 196

Medical Journal, the first, 276; new, 193

Medical school, the cheapest, 180; in Syria, 32

Menorrhagia, followed by pelvic abscess, 5; with symptoms of purpura, 350

Menstrual disorders, effect of on the intra-ocular structures, 293

Menstruation, professional management of, 350, 352

Mentality of vision, 53

Mettauer, Dr. J. P. Contributions to practical surgery, 367

Midwives, trained, 260

Milk, artificial, used in Paris during its siege, 100; fat in, 324; as a diet during lactation, 395; in the London Hospital, 394

Minot, Dr. F. Fatal haematemesis from cirrhosis of the liver, 213

Morphia, fatal hypodermic use of, 129; subcutaneous injection of, in traumatic erysipelas, 177; prolonged use of hypodermic injections of, 231

Mortality, in Massachusetts and Boston, 16, and weekly

Mother, a young, 343

Munroe, Dr. W. F. Vaccination from syphilitic subject, 328

Murray, Sir James, death of, 103

Muscular anaesthesia, 24; anomaly, case of, 417; contraction, 411

Musical note, the highest audible, instrument for determining, 420

Nerve force, rapidity of transmission, 54; sections, photographed, 114

Nerves, regeneration of, 320

Neurology and embryology, 45

Neuralgia, and the diseases that resemble it, 145

Neurasthenia, 65

New York State Medical Society, anniversary, 160

Nitrate of silver in testitis and carbuncle, 374

Nitro-benzole, poisoning by, 33

Norfolk District Medical Society, annual meeting, 360

Obstetrical practice of the late Dr. Robert Thaxter, of Dorchester, 17

Obstetrical Society of London, 380

Obstetrics, lunar, 244; in Vienna, 309

Occlusion of the arteries, with aortic degeneration and aneurisms, 400

O'Connell, Dr. P. A. Letter from Vienna, 214; obstetrics in Vienna, 309

(Esophagotomy in a child, 297

(Esophagus, resection of the, 219

Ophthalmia, purulent, treatment of, 194

Ophthalmoscope, use of in diagnosis of Bright's disease of the kidneys, 101

Opium, poisoning by, 18, 75; importation of, 276; absorption of, per rectum, 314; eating, 419

Optic nerve fibres, termination of, 189

Optic rod in the articulates, 349

Osteology, observations on, 172

Otis, Dr. R. M. Prolonged use of hypodermic injections of morphia, 231

Otolological practice, uniform method of recovering the hearing power, 141

Otorrhœa, fatal case of, 184

Ovarian disease, cure of, 403

Ovariotomy, during pregnancy, 62; Prof. Billroth on, 114; new method of securing the vessels of the pedicle in, 179

Ovum, blighted, 252

Oxygen, inhalation of, in treatment of croup, 176

Paracetamol thoracis, 31

Paralysis, of muscular spiral nerves, 267; of lower extremities, 265; due to lesion of cord, 417

Parasites, vegetable, supposed identity of, 189

Parsons, Dr. Charles W. Case of belladonna poisoning, 384; occlusion of aortic arteries, 400

Parturition, sudden death soon after, 143

"Peculiar people," the sect of, 412

Pelvic abscess, following menstruation, 5; following criminal abortion, 151
